SUMMARY

Associate Software Developer with 1.5 years of experience building scalable, high-performance web applications using Angular, React.js, and Next.js. Skilled in REST API integration and UI optimization, with hands-on experience developing payment systems, inbox interfaces, and advanced search features.

TECHNICAL SKILLS

Frontend — React.js, Next.js, HTML5, CSS3, JavaScript (ES6+)

Backend — Node.js, Express.js

Database — MongoDB

Tools — Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Associate Software Developer, Clodura.AI 

02/2025 – 07/2026 | Pune, India

- Developed and maintained production-grade React.js and Next.js applications, including Search & Filters, Inbox, Templates, and Pricing modules, improving feature delivery efficiency by 30% and reducing UI defects by 25%.
- Integrated RESTful APIs using RTK Query, implementing caching, loading, error, and data-state management to improve data-fetching efficiency by 40%.
- Built reusable and responsive UI components using React.js, JavaScript, HTML, and CSS, resolving 98% of identified cross-browser compatibility issues and improving frontend usability.
- Collaborated with backend developers and UI/UX designers to translate business requirements and design specifications into scalable, responsive product features while debugging and resolving frontend and API integration issues.

PROJECTS

LeadFlow AI CRM 

- Developed a full-stack SaaS CRM using React 19, Node.js, Express, and MongoDB with JWT authentication and Role-Based Access Control
- Built interactive telemetry dashboards featuring real-time revenue analytics charts, deal pipelines, and activity audit logging
- Implemented debounced search filtering, server-side CSV data exports, interactive lead note feeds, and dynamic dark/light mode switching

E-Commerce Platform 

- Developed a responsive e-commerce platform inspired by Bewakoof using HTML, CSS, and JavaScript, featuring product listing, filtering, shopping cart, and checkout functionality.
- Implemented responsive layouts, interactive UI elements, and client-side functionality to provide a smooth and user-friendly shopping experience.

Online Wine Store (Mine Wine) 

- Created a clean and user-friendly product-based platform with intuitive navigation
- Focused on UI/UX improvements and performance optimization
